A Heavy Load to Carry.

Along with dyspepsia comes nervousness and general ill-health. Why? Because a disordered stomach does not permit the food to be properly digested, and its products assimilated by the system. The blood is charged with poisons which come from this disordered digestion, and in turn the nerves are not fed on good, red blood, and we see symptoms of nervousness, sleeplessness and general breakdown. It is not head work, nor over physical exertion that does it, but poor stomach work. With poor, thin blood the body is not protected against the attack of germs of grip, bronchitis and consumption. Fortify the body at once with Dr. Pierce's Golden Medical Discovery—a rare combination of native medicinal roots without a particle of alcohol or dangerous habit-forming drugs.

A little book of extracts, from prominent medical authorities extolling every ingredient contained in Dr. Pierce's Golden Medical Discovery will be mailed free to any address on request by postal card or letter. Address Dr. R. V. Pierce, Buffalo, N. Y.

Many years of active practice convinced Dr. Pierce of the value of many native roots as medicinal agents and he went to great expense, both in time and in money, to perfect his own peculiar processes for rendering them both efficient and safe for tonic, alterative and rebuilding agents.

The enormous popularity of "Golden Medical Discovery" is due both to its scientific compounding and to the actual medicinal value of its ingredients. The publication of the *names of the ingredients* on the wrapper of every bottle sold, gives full assurance of its non-alcoholic character and removes all objection to the use of an unknown or secret remedy. It is not a patent medicine nor a secret one either. This fact puts it *in a class all by itself*, bearing as it does upon every bottle wrapper The Badge of Honesty, in the full list of its ingredients.

The "Golden Medical Discovery" cures, weak stomach, indigestion, or dyspepsia, torpid liver and biliousness, ulceration of stomach and bowles and all catarrhal affections no matter what parts or organs may be affected with it. Dr. Pierce's Pleasant Pellets are the original little liver pills, first put up 40 years ago. They regulate and invigorate, stomach, liver and bowels. Much imitated but never equaled. Sugar-coated and easy to take as candy. One to three a dose.

SCIENCE PREVENTS BALDNESS.

The Fatal Germ and Its Remedy Now Facts of Science.

It is the rarest thing in the world for a man to be necessarily bald. No man whose hair is not dead at the roots, need be bald if he will use Newbro's Herpicide, the new scalp antiseptic. Herpicide destroys the germ that cuts the hair off at the root; and cleans the scalp of dandruff and leaves it in a perfectly healthy condition. Mr. Mannett, in the Maryland Block, Butte, Mont., was entirely bald. In less than a month Herpicide had removed the enemies of hair growth, and nature did its work by covering his head with thick hair an inch long, and in six weeks he had a normal suit of hair. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

Assaulted by a Negro.

Mary Hunt, the seventeen-year-old daughter of Z Taylor Hunt, 2325 I street northwest Washington, related to the police yesterday the story of a struggle with a negro near the Massachusetts avenue bridge, and opposite Rock Creek Park, at 3:15 yesterday afternoon, after the negro had first rendered unconscious her boy companion, Allen Harrison, eighteen years of age, of 806 Nineteenth street northwest.

Miss Hunt stated that in spite of threats of a terrible death made by the man if she should cry for help, she screamed in mortal terror as his fingers were sinking into her throat. Apparently frightened by the shouts of the girl, the negro disappeared into the woods.

The cries of Miss Hunt had been heard by Joseph Zea, and he immediately rushed to her assistance. Perceiving the apparently lifeless form of the youth on the ground, Mr. Zea first telephoned for an ambulance and then for the police.

Immediately scores of policemen were detailed to hunt for the miscreant. They, aided by a large number of citizens, thoroughly searched the woods around Rock Creek park, but without success. As the story spread more citizens joined in the search for the negro, and ugly murmurs were heard as to the manner in which justice would be served if the assailant was captured.

As related by Miss Hunt, she was sitting near the water's edge on the west side of the Massachusetts avenue bridge reading a story aloud to Allen Harrison, when a negro, fully six feet tall, sprung into view, struck down her companion with a stone, and then attacked her.

Telling her that if she made a noise he would immediately kill her, the negro is said by Miss Hunt to have grasped her by the throat and forced her away from the place where young Harrison was lying. Believing that her companion was dead, and that she was about to be killed, Miss Hunt said that she nevertheless screamed repeatedly, until the negro's fingers had sunk so deeply into her throat as to make utterance impossible. Her cries had been heard and had served their purpose of frightening away her assailant.

When placed in the ambulance, Allen Harrison was unconscious, and in that condition he remained until after he had been received at the Garfield Memorial Hospital. When he was resuscitated he refused to speak, saying that he was sleepy. Later in the evening he told of a negro, six feet tall, who had struck him down with stones and beat him about the head until he was insensible. He says that he became conscious for a short time just as the negro was running toward the woods.

Investigating Mysterious Death

Coroner Otis L. Cameron, of Cincinnati, and his constables are engaged on the solution of a rather unusual murder mystery, in which it is suspected the desire of a wronged woman for revenge was the motive for inflicting torture on the hapless victim. The man, Andrew Heyl, a railroad employe of Springfield, Ohio, was found in a wood lot on Dr. William Burckhardt's country place, north of Cincinnati, Tuesday afternoon. He was in a dying condition from a bullet wound in his head, a fracture of the skull, due to a blow, and numerous burns on his feet and legs, which had evidently been held over an open fire of brush and leaves. Heyl was taken to the city hospital, where he died Wednesday morning, without throwing any light on the crime. Near the smoldering brush fire was found Heyl's revolver, from which three shots had been fired. He boarded with a family in Reading for several months. There he met a young woman, to whom he became engaged. The bans of their marriage was announced in the village church several Sundays ago. Heyl had arranged to leave Cincinnati and vicinity. He withdrew over $1,000 from bank in preparation for his departure. He was seen by friends Tuesday morning. About noon that day Dr. Burckhardt saw a young man and woman enter his wood lot, but thought little of it, as many people go there to gather wild flowers. This couple only attracted his attention because they seemed to be hurrying. Later in the day he found Heyl. About the fire and the victim were numerous imprints of a woman's shoe and the marks of a man's footwear. Heyl's shoes had been removed, so it is supposed the woman had a confederate.

Thousands of surgical operations are performed every year in our great city hospitals upon women afflicted with serious female troubles. Sometimes the operations are successful—oftentimes they are not.

It is safe to say that certainly nine out of ten operations for female troubles might have been wholly avoided.

The most valuable tonic and re-builder of the female organism, the medicine with a record of thousands of cases literally snatched from the operating table, is

Lydia E. Pinkham's Vegetable Compound

Do not consent to an operation which may mean death until after you have given Lydia E. Pinkham's Vegetable Compound a fair trial. Note what it did for Mrs. Paul Oliver, whose letter follows:

DEAR MRS. PINKHAM:—I was suffering from pains in my side and a serious female trouble. The doctors said to get well I must have an operation performed, but I would not consent to that.

I heard of Lydia E. Pinkham's Vegetable Compound and sent for a bottle; the first dose did me good, and after taking the first bottle I could sleep all right and I did not have those pains in my abdomen which I had all the time before. Now I can ride ten miles in a carriage, my color has returned, and I am full of life. I owe all this to the Vegetable Compound.

It has also done wonders for my thirteen-year-old daughter. I will never cease to praise it and recommend it to my friends.

MRS. PAUL OLIVER, St. Martinsville, La.

Thousands of women, residing in every part of the United States, bear willing testimony to the wonderful virtue of Lydia E. Pinkham's Vegetable Compound. It cures female ills and creates radiant, buoyant female health. For your own sake try it.

Accident to a Battleship

The battleship Texas arrived at Boston yesterday, after a dangerous experience in a storm while on her way from Charleston, S. C., to Boston, to which port she was ordered for permanent repairs, on account of an accident sustained while blowing up a derelict off the Florida coast. The battleship has a hole in her bow as a result of striking a part of the wrecked derelict. This was patched at Charleston so that the vessel could sail for Boston, but the temporary repair work was weakened during a gale on the way up the coast, and a great volume of water poured into the berth deck of the battleship. Vigorous work at the pumps relieved the danger. The Texas was placed in the drydock immediately on her arrival at Boston.

AND VIRGINIA ADVERTISER

FRIDAY EVENING, APRIL 27, 1906.

IGNORED by Governor Higgins, who refused to see them, and yelling like wild Indians, a mob of 500 Hearst men charged up the steps of the Capitol in Albany, N. Y., yesterday, while the legislature was in session, and, pausing at the doors of the Senate chamber, shouted their demands for the passage of the recount bill. The Senate closed its doors on the crowd, shutting the delegation out in the corridor, where they shouted and howled and made a nuisance of themselves generally. The mob got as far as the big public room in the executive offices and gave three cheers for Hearst for Governor. Governor Higgins heard the uproar and properly refused to come out. The delegation got away from the leaders completely. Threats of tar and feathers for legislators were uttered, and cries of "Smash in the doors!" "Tear down the whole Capitol!" alarmed the doorkeepers. The Hearst idea of government is, in many respects, similar to that which prevailed in France about 1790, when the exercise of the right of petition consisted in moving in a mob on Versailles or the Tuileries. With such people in power it would be but a short time before the country went to the "demnition bowwows."

BACK TO Jerusalem, to Jericho, and to Salt and Amman by means of electricity is the proposal of German capitalists. Consul General Dickinson, of Constantinople, has reported that the Sultan of Turkey has granted concessions to German companies to establish electric-lighting plants in Jerusalem and Damascus. It is also reported that franchises have been granted for electric tramways to traverse the roads from Jerusalem to Jericho, and to Salt and Amman, in order to connect with the Hedjaz railway, which is now being built between Damascus and Mecca. From Damascus electric power is proposed to utilize the river Abana, of ancient history, now called the Barada, which reaches Damascus over a rocky precipitous course. There is a forecast in the Bible which some have imagined refers to electric power. "The chariots shall rage in the streets, they shall jostle one against the other in the broad ways; they shall seem like torches, they shall run like the lightnings"

H. J. REED, who says his home is at Roanoke, Va., went to a dentist and had three gold-filled teeth extracted yesterday in New London, Conn., and sold the gold in them to the dentist for a dollar. On the proceeds so obtained, it is said, he drank too much and stole a ride on a freight train that reached New Haven late at night. Reed was knocked off a box car by a street bridge and received serious injuries. This equals the story told on an Alexandria county man many years ago. He had been trepanned, the surgeon using a silver quarter to patch up his head. Soon afterward the countryman got very thirsty, cut the silver piece from his head and with it bought enough liquor with which to quench his thirst.

THE United States Steel Corporation's statement of business for the first three months of 1906 given out on Tuesday shows that the net earnings were $26,634,490. an increase of $18,609,594 compared with the first quarter of last year. In New York on Wednesday the chairman of the board of directors of this same steel corporation, announced that subsidy companies of that corporation had fixed the price of steel rails for 1907 at $28 a ton, the price now prevailing. The steel trust knows a good thing when it sees it and will hardly reduce its prices so long as it can maintain them under the present robber tariff bill, even though its net earnings are over twenty-six and a half million dollars quarterly.

THE PICTUTES now being published in some of the newspapers of scenes during the San Francisco fire are, of course, interesting to some people, but to the initiated they bear a strong resemblance to the pictures published after the Baltimore fire, and it was intimated even then that these same pictures had seen service before.

RAILROADS are no respecters of persons or places. Alexandria has been "cut off" by reason of the laying of the new tracks beyond the city limits, and now it is proposed to treat Lynchburg the same way. But what else may be expected when such cities as Philadelphia and Cincinnati have been treated likewise?

From Washington.

[Correspondence of the Alexandria Gazette.]

Washington, April 27.

Secretary Root will shortly file a protest with the British government over the recent seizure of two Gloucester fishing vessels at Channel, Newfoundland. The vessels were fined one hundred dollars each by the provincial authorities, it being alleged that they had exceeded their rights in waters under the jurisdiction of Newfoundland. The Gloucester fishermen are much wrought up over the case and allege that the Newfoundlanders acted without justification in the case. Representative Gardner, of Massachusetts, has pressed the case before the department in behalf of his constituents. The State department today received a dispatch from Progreso, Province of Yucatan, Mexico, stating that three American fishing vessels had been seized there by Mexican gunboats. Further than this the department is without information. A full report is coming by mail.

Edward S. Holmes, jr. former statistician of the Department of Agriculture, in the criminal court here today pleaded not guilty on the charge of conspiracy to defraud the U. S. government. He has 15 days to demur to the indictment and the district attorney expects to bring him to trial at this term. Holmes was indicted with Fred A. Peckham and Moses Haas, of New York, but the latter are resisting extradition and have not yet been arraigned. The charge against them is that they profited by inside crop information, obtained by Holmes in his official capacity.

The United States exported more goods in 1905 than any other nation in the world, according to statistics tabulated by the British Board of Trade. The total exports of this country amounted to $1,621,000,000 while that of the next nation, Great Britain, only reached $1,606,000,000. In imports Great Britain ranks first and the United States third.

John B. Thayer, fourth vice president of the Pennsylvania Railroad, appeared today at the hearing of the Interstate Commerce Commission, investigating the bituminous coal situation in the East, to tell a few things about the history of the bituminous coal traffic associations among the railroads leading out of the bituminous coal region. He said that he would explain the origin of these associations, the conditions which led up to their organization, their working, their abandonment, the subsequent conditions, and present status. He was interrupted by an adjournment of the commission until late this afternoon.

Four associations had been organized, said Mr. Thayer, the Tidewater Association, the Eastern New York All-Rail Association, the Buffalo conference, and the eastern Ohio and western Pennsylvania conference, all about 1895. The preceding period, he said, was one of rebating, so general as to threaten the railroad's prosperity, and to stop this the associations were formed. This being before the Supreme Court of the United States had interpreted the Sherman anti-trust law, no railroad man thought such associations violated the law, the atmosphere surrounding their "birth being perfectly honest."

The House ignored the Senate and the President today, by passing, without division, a bill appropriating $170,000 to relieve the California situation. The Senate yesterday passed a resolution appropriating $300,000 for the employment of laborers and mechanics at Mare Island navy yard, as recommended by the President. This resolution was sidetracked by the committee on appropriations, which presented a new bill carrying $100,000 for the Mare Island yard, and $70,000 to allow the Post-office Department to meet emergencies in California. Representative Littauer, of New York, explained that the amount in question will suffice until June 30, and that after that the regular appropriations will be available.

An official report from General Greely, dated today, says that 250,000 people are now being fed in San Francisco and that various relief agencies are working together harmoniously. He adds that the sending of additional troops, as requested, has greatly encouraged all concerned.

After that decision, the Tidewater Association, on account of its loose organization, never having attempted to enforce its agreements, disbanded without a formal resolution. It continued as a statistical bureau. The New York Association, having at times assessed fines, and being a more thorough organization, disbanded by resolution. The two western associations, never having been organized "dropped to pieces" without any action on their part. Previous to Mr. Thayer taking the stand, Thomas Fitzgerald, general manager of the Baltimore and Ohio, was on the stand, reading a statement, covering the conditions of his road during the past ten years.

Stratton, the collector of customs, urging Secretary Shaw to issue orders at once which will put an end to the use of high explosives in the neighborhood of the postoffice. "The dynamite has done much more damage than the fire," Mr. Stratton wired, "and ought to be stopped at once." He contended that such an exercise of power would be the first step toward the destruction of the power of the judiciary and result in an undesirable blending of the co-ordinate branches of government. He also discussed at length the distinction between "jurisdiction" and "judicial power." The address was technical and consisted largely of quotations from legal decisions.

Verdict in Finck Will Case.

By a verdict of the jury in Norfolk last night in the $43,000 Finck will case, which has been on trial in that city for three days past, the instrument dated in Norfolk in 1883 is fixed as the true will of Mrs. Catherine Finck. This devises the estate of the testatrix, without reservation, to Henry Finck, her husband. Mrs. Pauline Heinz, of Washington, D. C., sought to have adjudged as the last will of Mrs. Finck an instrument dated in Washington in June, 1893, but the jury refused to accept it. The instrument bearing this date bequeathed the estate of the testatrix to Mrs. Heinz and her son after the death of Mr. Finck. E. B. Hay, a handwriting expert, testified that the same hand did not sign the two instruments. The one bearing the date of 1883 was admittedly signed by Mrs. Finck. By the decision Rev. J. E. Thacker, formerly of this city, looses the property left him under the 1893 will.

Franklin Statue Unveiled.

Paris, April 27.—The statue of Benjamin Franklin, presented to the city by John H. Sarjes and which stands on the Place Du Trocadero, at the head of Rue Franklin, where he had lived, was unveiled today. More than five thousand invitations had been issued, and a brilliant throng of representative Americans and Frenchmen were present at the ceremonies which began at 11 o'clock this morning in the concert hall on the Place Du Trocadero. After an everture by the band of the Republican Guard, United States Ambassador McCormick delivered a long and eloquent address. Ambassador McCormick was followed by Professor Smith, the special representative of the United States government. After the band had played the "Star Spangled Banner," M. Barthou, the Minister for Public Works, replied to the address of Professor Smith, on behalf of the French government. The unveiling ceremony was then held in the Place Du Trocadero. Mr. Sarjes, formally presented the statue and his granddaughter, Mary Waddington Hope Sarjes, pulled the rope which released the flag covering the statue, placing it on view. M. Chantard, president of the city legislature, replied accepting the statue. The statue is a replica of the one fronting the postoffice in Philadelphia.

Cyclone in Texas.

Fort Worth Tex., April 26.—Clay county, Texas, was visited by a destructive cyclone about 6:30 o'clock last night, the fury of which was expended on the little town of Bellevue where thirteen people were killed and quite a number injured. The town was completely destroyed by the storm and fire which broke out immediately afterwards with the exception of three houses. Further loss of life was prevented by people generally taking to storm houses. Stoneburg, four miles from Bellevue, was also the scene of much damage. The Fort Worth and Denver Railway ran a special train out of this city last night, carrying relief to sufferers and the prompt relief measures have been extended from Bowie and other sources. The path of the storm was one mile wide and eight miles long. The loss of property is estimated at $175,000. Reports from Bellevue this morning says the town is a complete wreck, and the scene one of desolation. The ruins of 200 homes are still burning, and the people are overwhelmed with the catastrope that has overtaken them.

Charged With Cruelty to Natives.

Berlin, April 27.—The trial of a German planter named Mismahl, owner of extensive estates in German East Africa, on the charge of inflicting grave bodily injuries to negro employees was concluded here today. The evidence showed that the natives of the district who were employed on the plantations were frightfully mistreated by Mismahl, who had them flogged mercilessly, lashing the negroes on their bare backs until they bled and became unconscious from the terrible punishment. It was also shown that when the contracts of negroes to work for fixed periods expired, Mismahl detained them in slavery, forcing them to work by flogging them. Mismahl's attorney, in defending his client, offered evidence to show that this treatment of natives is common throughout the colony, and that Mismahl had only done what all the German settlers in the district do. The court recognized these extenuating circumstances and merely sentenced Mismahl to pay a fine of $25.

Fire Engine and Trolley Car Collide.

New York, April 27.—Three members of the fire department were seriously injured in a collision between a trolley car and the engine of company No. 23, at Fifty-third street and Eighth avenue, this morning. The apparatus was returning from a small fire on west Fifty-third street. According to witnesses, the motorman of the car paid no attent on to the clanging of the fire engine bell, and kept up his speed with the result that the trolley crashed into the engine, toppling it over, and throwing the three firemen violently against the curb. The injured men were removed to Roosevelt Hospital seriously but not fatally injured. The front of the car was smashed and the windows shattered, but, so far as known, none of the passengers was injured. William Herring, the motorman, was arrested.

Endeavoring to Prevent Strike.

Paris, April 27.—That the government officials are perturbed over the labor situation in France and are determined to crush the leaders and agitators of the movement for a general strike on May 1st, was shown by action taken in this city this morning. First a delegation of officials visited the office of the Catholic newspaper La Croix, and made a thorough search of the premises. The delegation next visited and searched the houses of forty-four Catholic leaders who are accused of plotting and fomenting strikes as well as contributing to the labor agitation. Among the houses searched was that M. Jacques Piou, a former deputy and the first Catholic to join the republican party in the Chamber of Deputies in 1889, forming what was afterwards known as the "Rallied Party."

Conditions in Africa.

London, April 27.—Considerable uneasiness is felt in government circles over the situation in southern and southeastern Africa. The calling out of more reserves for duty in Zuzuland has been followed by reports from Swaziland which indicate that the natives there are restless. Europeans are appealing to their respective governments for protection. American missionaries are blamed for the disquietude prevailing in South Africa, because they have been preaching race equality.

The Effect of Automobiling.

London, April 27.—The British Medical Journal quotes Dr. Lee Howard as saying that the delight in fast automobiling and the craving for strong drink are etiologically the same thing. San Francisco.

Oakland, Cala., April 27.—The gigantic task of placing San Francisco in sanitary condition is in full swing today. Every available barge is being secured, and as fast as a string of them is loaded, it is hauled out at ebb tide five miles from the city and dumped into the bay. One of the greatest tasks yet to be performed is in that portion of the city which escaped the flames. Practically every house standing lost all chimneys, necessitating the issuance of an order prohibiting the building of fires until chimneys are rebuilt.

San Francisco, April 27.—A group of financiers, taking advantage of the city's misfortune, seek to snatch her commercial supremacy from her. A syndicate has been formed to make Oakland a deep seaport by building docks and piers into deep water. It is the intention to make Oakland the chief maritime shipping port on the Pacific coast.

Looters have blown open the safes of business houses in the burned district of San Francisco and carried away the contents. Evidence has been discovered of an organized plot to plunder the safes and ruins of business houses in unprotected parts of the city.

Washington, D. C., April 27.—The first report from Secretary of Commerce and Labor Metcalf, who was sent to San Francisco as the President's personal representative, was received at the White House today. It say in part: "Have practically completed inspection of the ruined districts. In my judgment it will be impossible to determine the exact number of deaths, but conservative estimates place the number at not to exceed three hundred. There are about one thousand sufferers in local hospitals, and probably not over four hundred are seriously injured.

"As regards industrial and commercial losses, the conditions are appalling, figures and distances convey slight conception of realities. The question of sanitation is receiving special attention. The entire city is inspected daily by four trained mounted officers who report regularly the situation and necessities.

"The fortifications are practically uninjured. Considerable damage was done to the military buildings at the Presidio and on Angel Island.

The people are confident and hopeful for the future. They feel under deep obligations to you and the national government for the prompt and efficient assistance rendered them."

Athens, April 27.—The Olympic games were continued here today. The final in the 100 metres contest was captured by Archie Hahn, the sprinter of the Milwaukee, Wis., athletic club. In the 400 metre swimming race Scheff, of Australia, finished first. Staylor, of England, was second, and J. A Jarvis, also of England was third. Scheff's time was six minutes 23 4-5 seconds. The 1,000 metre and the 1,600 metre pair-oared gig race went to Italian crews. The single sculls event was captured by a Frenchman. The next event, throwing the stone while running, was captured by Nezorgandas a Greek. His throw was 199 feet 2½ inches. Martin Sheridan, of the Irish-American Athletic Club, of New York, was second, with 193 feet 6 inches, and the Greek, Dorizas of the American Robert College was third, with a throw of 185 feet 8½ inches.

In the long jump, with the spring board, Myer Prinstein, of the Irish-American Athletic Club, New York, was first. He covered 7.20 metres. O'Connor, of Ireland, was second, while Hugo Friend, of the Chicago University and Chicago Athletic Association, was third.

Dr. Crapsey's Trial.

Batavia, N. Y., April 27.—Sunning up was commenced this morning in the case of the Rev. Algernon S. Crapsey, of Rochester, the Protestant Episcopal clergyman on trial here before an ecclesiastical court on the charge of heresy. Franklin D. Locke, of Buffalo, one of the attorneys for the prosecution, opened the argument. After reviewing Dr. Crapsey's statements and comparing them with the doctrines of the church, he said: "This is no church for Dr. Crapsey. Let him go to the Unitarians, or to the Synagogue. We do not challenge his belief, but his position. There is an admission of his unbelief, and we say he should go. We admit that his daily life is exemplary, and his character is excellent; that only magnifies his offense." James Beck Perkins, of Rochester, N. Y., attorney for Dr. Crapsey then opened the argument for the defense.

New York, April 27.—The grand jury today filed an indictment with Recorder Goff, charging William A. Brewer, formerly president of the Washington Life Insurance Company, with the crime of perjury. The crime is alleged to have been committed in 1903.

Armory Destroyed.

Newport, R. I., April 27.—The interior of the Newport artillery company's headquarters on Clark street was destroyed by fire this morning. All the arms and equipments were lost. Quartermaster Sinney Harvey was seriously injured by being struck by a large quantity of slate which fell from the roof of the building. The Newport artillery company is the oldest military organization in the United States, having been established in 1745. The origin of the flames has not yet been ascertained.

New York Stock Market.

New York, April 27.—Opening strong with gains ranging from ½ to 1 per cent., many issues held early gains. It was general comment on the floor that a large part of the buying was covering of shorts and it is a fact that large amounts of barrowed stocks were returned last night. The short interest, however, is still extremely large and so far today there has been no important liquidation, although some long stock has, of course, come out on the higher price levels. The price movements were generally narrow and without importance.

Shortly after noon a sharp selling movement began in the stock market, soon extending throughout the general list. It presented the peculiarity of being coincident with announcements of fresh additional engagements of gold for import, and there was no news in connection with the San Francisco situation to account for the decline. The depression was started in the so called Hill stocks. From these stocks the decline spread to other quarters of the market and in most instances exceeded a point.

May Be Sent to an Asylum

Police of the Seventh precinct of Washington were called to the home of John L. O'Brien, in Tennallytown, yesterday, by a message to the effect that he was threatening to kill his three-year-old daughter with a razor and end his own life because he was to be sent to the penitentiary to serve five years on a sentence for embezzlement. Mrs. Harrington, a widowed sister of O'Brien, rescued the child and carried it to the home of neighbors. The police were notified, and three patrolmen went to the home of O'Brien in Tennallytown, where they found him lying on his bed with an open razor in his hand. He was overpowered and the weapon taken from him. He was taken to the Seventh precinct police station by Private Norris. O'Brien was convicted on the charge of embezzling $5,400 from Frank Hume, by whom he was employed as a salesman, and was under a $7,000 bond, pending an appeal of his case. He was arrested three years ago in San Francisco and brought back to Washington. On the orders of Assistant District Attorney Easby-Smith the prisoner was taken before Justice Gould and committed to jail. The warrant for his removal to the penitentiary was held on application of Attorney Wilton J. Lambert, pending an examination of O'Brien by the jail physicians. Should the physicians decide that the prisoner is demented a jury inquisition will be asked for, and in case a verdict of insanity is found he will be sent to St. Elizabeth's instead of to the penitentiary.

Experience of Relief Steamer.

The steamer Buckman, of the Alaska line, in command of Capt. E. B. Wood, arrived at San Francisco late Wednesday night with volunteer physicians, Red Cross nurses and a cargo of 2,200 tons of provisions and supplies for the homeless people of the stricken city. The vessel made a record run from Seattle, but encountered off Cape Blanco a terrific sea, which crew and passengers believe was caused by a subterranean eruption, and which for a time threatened to engulf the staunch ship on its errand of mercy. Off Cape Blanco Wednesday the steamer run into rough whether and high seas. Off to the west passengers and crew saw a great wall, like a huge tidal wave of seething, boiling water, approaching at great speed. The great wave struck the ship with terrific force, smashing two of the boats as if they were eggshells. Tons of water rolled over the deck of the steamer, which quivered from stem to stern, and threatened every moment to founder. Captain Wood, his first officer and the chief engineer were swept from their feet. It was little short of a miracle that they were not washed overboard. The wall of water had all the appearance of a gigantic tidal wave. The seas continued running high until late in the afternoon Captain Wood and passengers are confident that the great wave was caused by some disturbance under the sea.

The occasion will be marked by the presence of the Lee Camp of Confederate Veterans, with General Theodore Garnett as chief marshal. Situation in France.

The Paris Figaro, in an article on the situation in France and the coming election, says:

"If the electors wish to protect their lives and property against the attacks of fanatics who, under the style of 'direct action,' practice murder, pillage and arson, the only effective means is to return to the Chamber of Deputies a new majority firmly resolved to correct the mistakes of the 'bloc' and to support only governments which do not compromise with demagogues. The coming elections will have decisive importance. It is no longer a courteous struggle between parties divided by mere shades of political opinion. The question now is to decide whether society is to be saved or whether it is to perish amid the horrors of anarchy."

The prefect of police, M. Lepine, yesterday afternoon made a reassuring reply to hundreds of letters which anxious citizens had addressed to the police. He said that all precautions had been taken to maintain order in the streets May 1 and prevent attempts against life or property. Besides the full police force, which will be on duty, re-inforcements consisting of 28,000 infantry, cavalry, and artillery will arrive in Paris by Saturday.

The train was en route from the shops at Monroe to move a wrecked engine from the tracks near Greensboro, N. C., and carried a large derrick. The track was cleared at 9 o'clock last night.

Federal Art.

A bill for establishing a national advisory Board on federal art, submitted by the National Society of the Fine Arts of which Mr. Glenn Brown, formerly of this city, is secretary, has been introduced in Congress and a plea showing the demand for the necessity of such a board has been issued. The plea states:

"To foster and encourage the fine arts more than two hundred societies have been organized in the United States. When it is realized that these societies are composed of the enlightened and intelligent classes, the importance of these associations and the movements which they represent will be appreciated."

Harry Kramer.

Mr. Harry Kramer, the trick bicyclist of this city, has been quite ill at Hot Springs, Ark., and has gone to Colorado in hope of recovering his health. He recently gave an exhibition at Hot Springs, the following account of which appeared in the News of that place: "A wonderful rider by the name of Kramer appeared at the rink last night and created a perfect sensation with his marvelous performance. There have been many good bicycle riders seen in Hot Springs, but Kramer has them all beat a city block. He does every trick known to other riders and then a whole lot more. He pleased the patrons of the rink so well that he was requested to appear again."

Horses Frightened by Train.

Some excitement was caused near Spring Park yesterday afternoon by the screams of some ladies who were in a carriage. An out-bound electric train was approaching when the horses attached to the vehicle became frightened and rearing on their hind legs came near forcing the carriage and occupants down the bank. The motorman, seeing the danger, soon brought the train to a standstill when several gentlemen caught the horses by the bridles and held them until the train moved away.

Increased Receipts.

There has been an increase in the receipts of herring at Fishtown during the past twenty-four hours. Nearly 200,000 were received yesterday afternoon and this morning from sailing vessels and steamers. They were selling at from $2.50 to 4 per thousand. Shad are still very scarce and prices keep at the high-water mark. Buck sold at from $25 to 27 a hundred and roe from $50 to 60.

A Cut Off.

The Southern Railway is now making a survey east of Chatham looking to changing the main line from Lynchburg to Danville. The change will shorten the distance more than one mile from Chatham to Danville and avoid many dangerous curves and steep grades At Galveston, eight miles north of Chatham, work on the proposed change will begin in a short while.

Auction Sale Tomorrow.

Mr. Samuel H. Lunt, auctioneer, will sell for Mr. R. H. Cox, Sergeant, administrator, at 10 o'clock tomorrow morning in front of the Osage Manufacturing Company, on the southeast corner of Wolfe and Union streets, the fishing outfit of the late Frank Price. A list of the articles to be sold will be found in an advertisement elsewhere in the Gazette.

Fell from Railing.

A little boy named Olvin Cheshire was seriously injured at the northeast corner of Wilkes and Fairfax streets yesterday evening by falling from the railing of the porch of the unoccupied dwelling at that corner. The boy, who was either sitting on or leaning over the railing, fell headforemost on the bricks.

Charter.

The State Corporation Commission yesterday granted a charter to the Edwards Land and Building Company (Inc.), Alexandria, Scott Nesbit, president; Frank E. Rapp, secretary; B. F. Edwards, treasurer; all of Washington. Capital, $100,000. Objects: A general real estate business.

Personal.

Miss Ansley, who has been visiting Mrs. Phillip Harrison in New York, has returned to her home in this city.

Mr R. P. W. Garnett has received a letter from his sister, Mrs. L. A. Garnett, stating that she lost everything she owned in San Francisco, but that she is now safe at Oakland.

Miss Virginia Powell Goodwin, daughter of Mrs. James Mather Goodwin, was married yesterday at Christ Church, Georgetown, to Mr. Charles Gregory McRoberts. Mr. Raymond Acton, of this city, was best man.

Rev. J. J. Bowler, V. G.; Rev. Charles Donohoe, pastor at Martinsburg; Rev. F. Patrick, O. S. B., of Warrenton; Right Rev. Henry Gabriel, D. D. bishop of Ogdensburg, N. Y., and Right Rev. A. Van De Vyver, D. D., bishop of Richmond, Va., were guests at St. Mary's rectory this week.

Dr. F. J. Brooke, formerly pastor of the Second Presbyterian Church, was in this city yesterday.

Back to Virginia.

Mr. Thomas A. Broadus, formerly of this city, where he has many friends, but more recently of Washington, has just purchased through F. M. Graham, real estate agent, a home, Waycroft, in Alexandria county, west of Ballston, immediately upon the W. A. & F. C. electric railway, and on Monday removed thereto. Mr. Broadus is still in the U. S. Pension Bureau in Washington, in which bureau he has held a responsible position for twenty-six years. In a note to this office Mr. Broadus says:

"I have recently bought a home in Alexandria county just west of Ballston. We moved over on Monday, and I feel like a citizen once more. The first thing to do, very naturally, is to subscribe to the Gazette, which will make me feel more at home than anything else after my many years residence in Washington."

Police Court.

[Justice H. B. Caton presiding.]

The following cases were disposed of this morning:

James Ramsaur, colored, arrested by Officers Young and Roberts, charged with assaulting and beating Ida Thomas, was fined $5.

Richard Pines, colored, arrested by Lieutenant Smith charged with stealing a pistol from S. J. Irby, had his case continued.

Eugene Tate, colored, arrested by Officer Henderson charged with assaulting and cutting Chas. Tate, forfeited his collateral by failing to appear.

Albert Smith, colored, arrested by Lieutenant Smith charged with disorderly conduct and fighting, was fined $5.

Charles Jackson, colored, arrested by Officers Gill and Sherwood charged with assaulting and beating Victoria Lee, was fined $5.

Opera House.

Another large crowd was at the Opera House last night to witness the production of "Camille" by Chauncey L. Southern. This play is well known to most theatre-goers and needs no introduction. Mr. Southern played the part of Armand Duval in a very forcible manner, and gave a clear and excellent interpretation of the very difficult part. Miss Mabelle Vantassel handled the role of Camile in an exceedingly clever manner and won for herself many friends. The other paris were all well taken Tonight the company will produce "The Power of the Church," a comedy-drama of unusual merit. New specialties will also be introduced. A matinee will be given tomorrow afternoon at 2:30, the play to be "Three Hats," a farce comedy. At the matinee a five dollar gold piece will be given to one holding the lucky number.

Death of Judge Sangster.

Judge James Sangster died at his home near Burke's station, Fairfax county, at 11:30 o'clock this morning. The deceased leaves a widow and five children. Judge Sangster was born near Fairfax Courthouse January 15, 1832, and was consequently in the 75th year of his age. Previous to the civil war, when his father, the late Edward Sangster, was sheriff of Alexandria, the deceased was his deputy. Shortly after the State had been admitted to the union, in the early seventies, he was Judge of the Alexandria and Fairfax County Courts, a position he held for twelve years. Judge Sangster had many friends and acquaintances in Alexandria, where he was almost as well known as in his native county, all of whom will regret to learn of his death.

Wedding.

Miss Maggie Boothe and Mr. Lee G. Langley were married at the home of the bride at Strasburg, yesterday morning at 6:30 o'clock, Rev. Mr. Hamokee officiating. The bride wore a blue traveling gown and was attended by Miss Emma Boothe and Mr. Charlie Boothe. Little Miss Loraine Evans and Miss Margurite Hunter acted as flower girls. After the wedding breakfast and congratulations the bridal party left on the 8:30 train for this city, where they will reside. They were recipients of many handsome presents.

Dangerous Pastime.

The crews of freight trains which pass up and down Wilkes street are complaining of the dangerous practice of boys, white and colored, who jump on and off moving trains. In some cases, it is alleged, colored women perform the same foolhardy feats. While cars are being shifted on Union street in the neighborhood of the B. & O. depot boys are often seen risking their lives by jumping on and off cars. It is impossible for the train crews to perform their duties and keep youngsters and others out of danger.

Liquor Licenses.

Judge Barley in the Corporation Court today granted two of the applications for liquor licenses which were "held up" yesterday and postponed consideration of two more until tomorrow. Several saloon keepers who took out licenses last year have not made applications so far.

A Badly Burned Girl

Special Train.

The Southern Railway Company will, beginning about June 9, operate a special train through the valley, daily except Sunday, from Strasburg to Washington. This train will be put on for the accommodation of business men of Alexandria and Washington who want to spend Sunday out of the city, so they can leave after office hours and return by 8:10 o'clock a. m.

LOCAL BREVITIES.

There were light showers of rain late yesterday evening. Considerable lightning was seen in the northeastern heavens between eight and nine o'clock last night. The temperature today has been springlike and the weather fair.

The entertainment to have been given at the residence of Mrs. Hulfish, on north Columbus street, tonight for the benefit of the Young Peoples' Union of the Baptist Church, has been postponed on account of a death in the family.

The Shepherdess, a beautiful schooner-rigged yacht from Philadelphia, anchored off this city this morning. Several ladies came up on the yacht. Later in the day most of the party came ashore and went to Mount Vernon.

The bridge across Accotink run, or "town branch," at Fairfax, was broken down and so badly damaged by a traction engine one day last week, that a new bridge will have to be built.

It is said that the local freight depot of the Washington-Southern Railway will be removed from Cameron and Fayette streets to the new union depot about the 15th of May.

We have received an invitation for the inaugural trip of the steamer St. Johns, which is to run forty miles down the Potomac and return, on Sunday, April 29.

R. & G. CORSETS

Worth $1 up to $3.50. **69c** Worth $1 up to $3.50.

It was with difficulty that we were able to procure another lot of these famous Corsets to sell at 69c, for the makers usually give but one lot a season to each concern dealing with them. They are the so-called seconds, that is: One may be slightly soiled—another may have a minute flaw, so slight that the inexperienced eye will fail to detect, yet the maker is so proud of his goods that none goes out through the ordinary channel unless absolutely perfect in every respect.

The woman who is minded to do a little investigating among this group of excellent Corsets will surely find the precise Corset she wants, for they come in high and low bust—short, medium and dip hips—of coutil. It is a phenomenal collection at the price, for the majority have two sets of supporters. We made special effort to provide abundant choice—but it would not be well to delay. Girls Fight Over Man's Bier.

At the funeral of Matthew Hare, a popular young man who died in Danbury, Conn., last week, several young women fought savagely in the room where his body lay ready for the funeral, each claiming the right to have her floral offering placed at the head of the casket. Flowers were destroyed, hair was pulled and faces scratched in the battle, which waged until the neighbors, who heard the noise, interfered and stopped the contestants. It is claimed Miss Annie Arthur started the trouble. When she reached the Hare house to pay her last respects to the man who had shown her special attention she found another girl was there and had placed her bouquets at the head of the bier. She threw the offending flowers on the floor and stamped on them. This aroused the other girl, who retaliated in a similar fashion and then they resorted to names and hair-pulling. While they were fighting three other girls, each of whom thought she was the particular one to be awarded the post of honor, entered the room and the fighting became general until they were separated.

For a Low-Fee Postal Note.

The adoption of a postal note for transmitting small sums through the mails is proposed in a bill submitted to Congress Tuesday by Postmaster General Cortelyou. His action follows the recommendations of a commission for a postal note which the Postmaster General thinks will combine simplicity and safety, will be sold at a lower fee than is charged for the present postal money order, and will not impair the revenues of the service.

It is proposed that special postal notes of the denominations of one, two, three, four, five, six, seven, eight and nine cents, be sold at their face value without a fee. The regular postal notes will be for 10, 20, 25, 30, 40, 50, 60, 70, 75, 80 and 90 cents, $1, $1.50, $2 and $2.50. A fee of one cent will be charged for notes from 10 to 40 cents, and two cents for notes from 50 cents to $2.50.

An appropriation of $150,000 is asked to carry the act into effect during the next fiscal year.

APPEAL FOR AID.

Alexandria, Va., April 24, 1906.

Having been appointed a committee by the Mayor of our city to solicit contributions for the San Francisco sufferers, we are endeavoring to communicate with every one in the city on this subject, but are being compelled to do the work so hurriedly that we will doubtless fail to communicate with a great many who are desirous of subscribing; hence we wish to state that any member of this committee, named below, will be pleased to receive any contributions.

We trust that the people of our city may respond liberally to this worthy cause.
